Mr. Gary Keake
Superior Special Services
1203 Klement St.
Ft. Atkinson , WI 53538

Dear Mr. Keake:

Arnie Guttlesberger (and I do hope I spelled his name right) said I should send you a sample and product information on one of our products what does a great job on destroying oil and grease. May I recommend you test out our CD-013 streight up and at various dilutions with water. If the oil/grease is thick or has been there a while pout the CD-103 on as is, let it sit for 5-10 minutes and clean off. Water blasting especially hot helps greatly. Her are several other things about the product you will like:

CD-103 OIL AND GREASE REMOVER.

Why you will like it:

NO CAUSTIC	YES	NO BUTYL	YES
NON CORROSIVE	YES	BIO DEGRADABLE	YES
NON TOXIC	YES	NON FLAMABLE	YES
WATER BASED	YES	CONCENTRATED	YES
WORKS ON CONCRETE	YES	WORKS ON METAL	YES
WORKS ON RUBBER	YES	WORKS ON TILE	YES
WORKS ON FABRICS	YES	INEXPENSIVE	YES
WORKS ON PAINT	YES	USE IN KITCHENS	YES

Available in the concentrated versions CD-103 may be used on any surface where you can flush with plenty of water (to remove the detergent). For vertical surfaces a foaming device is suggested to keep the CD-103 in contact with the surface longer. Available in 1's, 5's,55's and cases lots of ready to use 1 qt spray bottles. I hope this helps. Let me know.

Bulletin, MSDS, industrial price list included. IT WORKS GREAT.

TOM HENNESSY
